Record on Reproductive Freedom

Blocked a Law to Prohibit Anti-Abortion Disinformation

As a District Judge, Domenico blocked enforcement of a Colorado law that sought to protect patients by prohibiting so-called “abortion reversal,” an unproven protocol that is not based in science and does not meet clinical standards ruling in favor of a Catholic health clinic.²

- Domenico ruled in favor of a Catholic health clinic and held that the law infringed the clinic’s First Amendment right to free exercise of religion.³

Affiliations with Anti-Reproductive Freedom Organizations

- Domenico has been a member of the Federalist Society since 2000.⁴
 - The Federalist Society is a well-funded, conservative legal network that exerts influence through law schools, professional networks, and conferences, and over the judiciary at large. It serves as a talent and influence pipeline for the conservative movement to cultivate young lawyers and pack the courts with judges who will execute its agenda, which includes undermining reproductive freedom.
